

November Block Lotto

Fabric: 3 ten inch squares: one low volume, one dark and one bright. Please use modern prints. Lay the squares on top of each other evenly; make 2 curved cuts thru all 3 fabrics. Be sure these cuts are just gentle cuts, not as sharp as a drunkards path block.

Shuffle the pieces so each square will have all 3 colors in it.

Mark the center point, pin towards sides from center, stitch them back together using a $\frac{1}{4}$ seam. Press towards the smaller piece.

Trim block to 8.5 square.
